January 2022

Richard's Ramble

Janus was the Roman God from whom we get the name of our English calendar month 'January'. His image was always presented with two faces - one looking forwards and one looking backwards. This, of course, represents the notion that we all go through at this time of the year - looking backwards over the past year and looking forwards to the year to come. For many of us, the past year has been difficult physically, emotionally, and psychologically. There were not too many high points, although being back in the room as a fellowship was an important step forward - isolation is bad for our mental health no matter how important it has been for our physical health.

We do not know what the new year will bring, but our hopes are that it will be better than the last two - that perhaps life will become more 'normalised'.

Whatever happens in the months to come, the truth is that God is with us. He is in our midst and his promise is never to leave us or forsake us. For the year to come, we cannot put our trust in politicians, in the media, in society nor in anyone else but Jesus. May he lead us all forward in his plans in this new year.

God bless.

Richard

Once an Addict – Sunday 20th February
Memorial Hall – 7pm start

A special Sunday evening meeting with Barry Woodward who became involved in the drug scene in Manchester. This led to a heroin addiction and life as a drug dealer. For twelve years he was totally dependent on drugs during which time he served a number of sentences in prison. Miraculously his life turned around completely following an amazing sequence of supernatural encounters.

Barry will share his testimony in an evening ideally suited for those enquiring about their faith.
