

April 2017 Edition BCC News!

Richard's Ramble! I am writing this in my room at High Leigh Conference Centre where I am attending a CTE event. Last night we listened to a presentation by the Lutherans about the history, development, practice and worship of Lutherans in Britain. It was an interesting story but what became clear was that the Lutherans are not a single entity. There are Nordic, German, Evangelical, and many other varieties of Lutherans and they all have their own set of churches and oversight working concurrently in this country. They all believe the same basic doctrine but are banded together around common languages, a common history, etc. However, as I listened as they expounded the basis of their theology, I could not help but thank God for Luther once more. 90% of what we believe is only possible because Luther was willing to take his stand (he 'could do no other') against error and against the establishment of the Catholic Church. Thus, we too can say that salvation is through Christ alone, by grace alone, through faith alone, made known through scripture alone.

In the onslaught of weird and wacky doctrines (mostly from the US), may we never lose sight of these core truths and may we thank God for this man whom God used, flawed as he was, to re-establish the true foundation of our faith. *God bless, Richard*

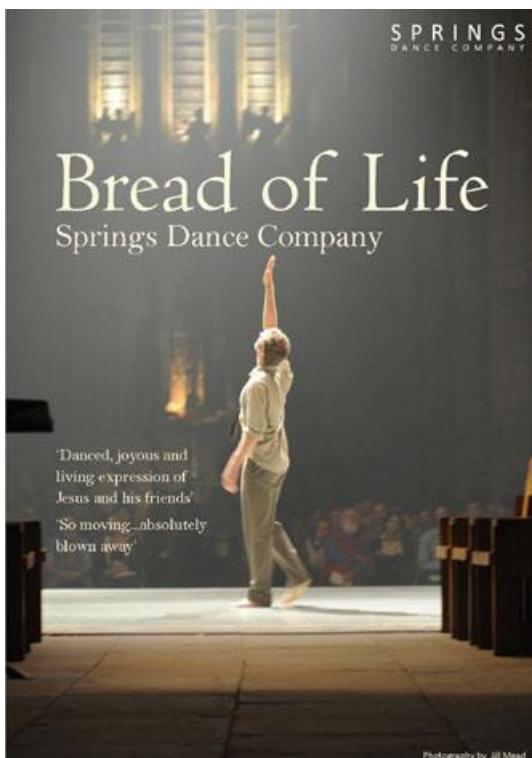

Fundraising for: The Children's Hospital Charity

Hi! It's Ed Ross here. I've decided to support Sheffield's Children's Hospital as this is a great project to be a part of. Along with others we set ourselves the exciting challenge of raising £5000 but panic not, my target is £250. This money will pay for a consulting room in the Children's Hospital's new building. To raise money, I've set myself the challenge of running the Beverley 10K race, part of an annual event in my local area. I have been training for it a lot over the past 6 months and it's going very well! I'm so motivated to do it and I think it's going to be great but the reason I am doing it is for the benefit and further success of the Children's Hospital. If want to sponsor and help me reach my target come and see me or go to the link and pledge: <https://www.justgiving.com/fundraising/yh1ncsregionalyouthboardedwardross>.

Thanks a lot for reading and supporting me :) Ed
