

# BCC News!

**Richard's Ramble!** This time of year generates mixed emotions. On the one hand the autumn colours, Bonfire night, conkers, warm fires and Christmas all generate a growing sense of anticipation and pleasure (for most of us anyway). On the other hand, shorter days, the cold weather, and the retreating of summer memories all add to a sense of sliding into the darkness of winter. Recently, I was telling the Indians about the fact that the length of our days varies so much through the seasons and they could not get their heads around it. For them, a day is always 12 hours long with very little variation. Our seasons add colour to our existence and variety to our year which enriches us, and each season has its own pleasures and disappointments.

In our lives we go through seasons. Perhaps I am in late summer now - some might say autumn (as our life expectancy lengthens the seasonal divides are much less obvious). The key for anyone of us is to embrace the season we are in. Yes, I may not be as fit as I used to be; I may have a few more aching joints and my memory is not what it once was, but God is with me and every day is an opportunity to know him a little more, to appreciate his world and to make him known to others. Every day is a good day! God bless, Richard.

After the Sunday morning service  
**Personal Prayer** is always available  
from the Prayer Ministry Team.

## Christmas Dates for your diary

(I know, we're nowhere near that time! But these need to be in before the 'silly' season gets booked up.)
