

Richard's Ramble:

This has been a year in which I have felt a certain level of unsettling in my spirit. I will say more about that at the Vision Day (currently scheduled for 12th January). Suffice to say, I have spent the last few months working out the reason for this and have begun putting in place plans in order to change things, both personally, and what we are doing as a church.

10 years ago, Duane White suggested that the things you put in place in the first three months of a decade will define the decade for you. Of course, things can change and shifts can occur as society and the world changes, but the fact is that each one of us needs to set the trajectory for our lives and it is often at the beginning of the year that we think about such things.

One thing is for sure, if we set ourselves no goals, aims or objectives, we can be sure that we will be 100% sure of achieving them.

My encouragement to all of us is to think about where we want to be in a years' time, 5 years' time or 10 years' time and begin to put things in place that will get us there. We may not achieve all of our goals, but who knows how far we will get if we set out on the journey.

God bless,
Richard

Happy New Year

A new year is about to unfold
With new opportunities to explore
Doors will open for new experiences,
New adventures with the Lord

Remember not the former things,
The things of this past year,
The Lord will do new things in us,
Much more than we are aware.
